Essential

Our essentials package is designed as a light touch approach

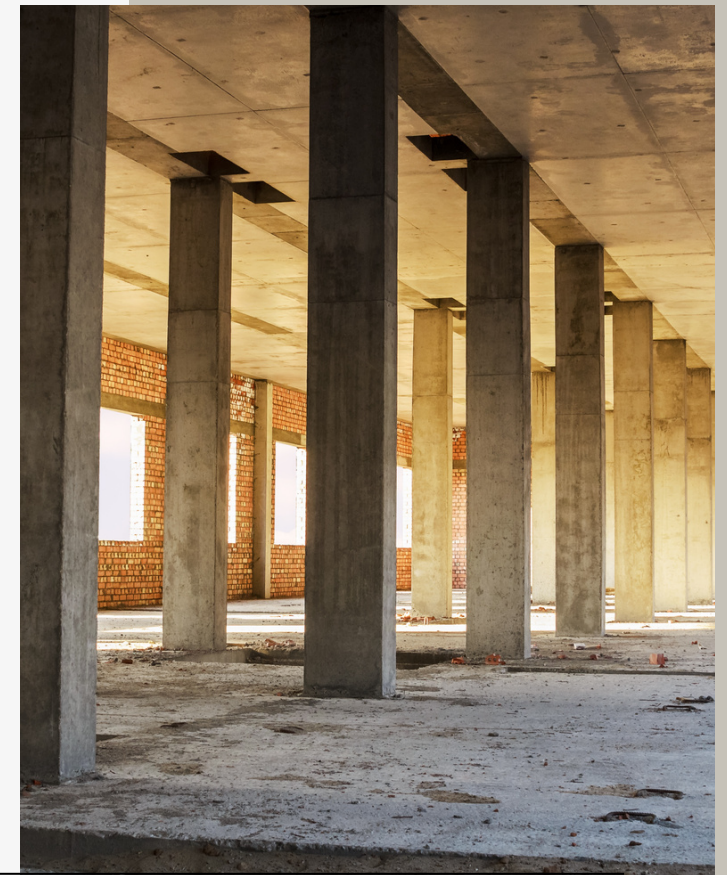

Initiation - We advise clients on deciding and agreeing on the project scope and desired outcomes. We guide them in conducting feasibility studies and preparing a comprehensive business case for securing funding. This ensures that the project starts with a clear vision and a solid foundation.

Planning - We assist clients in identifying critical tasks, establishing timelines, allocating resources, and setting budgets. Our guidance extends to resource planning, risk management, communication planning, and milestone setting. This support helps clients create a robust project plan.

Execution - We inform clients about the necessary team members and their roles. Clients are responsible for engaging and managing these individuals, ensuring that the right expertise is in place to execute the project plan effectively.

Monitoring and controlling - We advise clients on monitoring project performance against the established plan, managing changes to the project scope, and tracking potential risks. This enables clients to maintain control over the project's progress and make informed decisions.

Closure - We provide advice on the essential steps for project closure, ensuring that clients understand the processes for finalising and handing over deliverables, conducting project reviews, and completing necessary documentation.

EXPAND YOUR FUTURE

Enhanced

This is a hybrid model where we support you to run your project

Initiation - We provide clients with the necessary templates to conduct project initiation steps. These templates help streamline the process of defining scope, identifying stakeholders, conducting feasibility studies, and creating the project charter.

Planning - We offer clients comprehensive templates and tools for task identification, timeline development, resource allocation, risk management, communication planning, and milestone setting. This support helps clients effectively plan and organise their projects.

Execution - We provide tools and templates that facilitate task assignments, team management, resource management, and stakeholder engagement. These resources empower clients to manage the execution phase more efficiently.

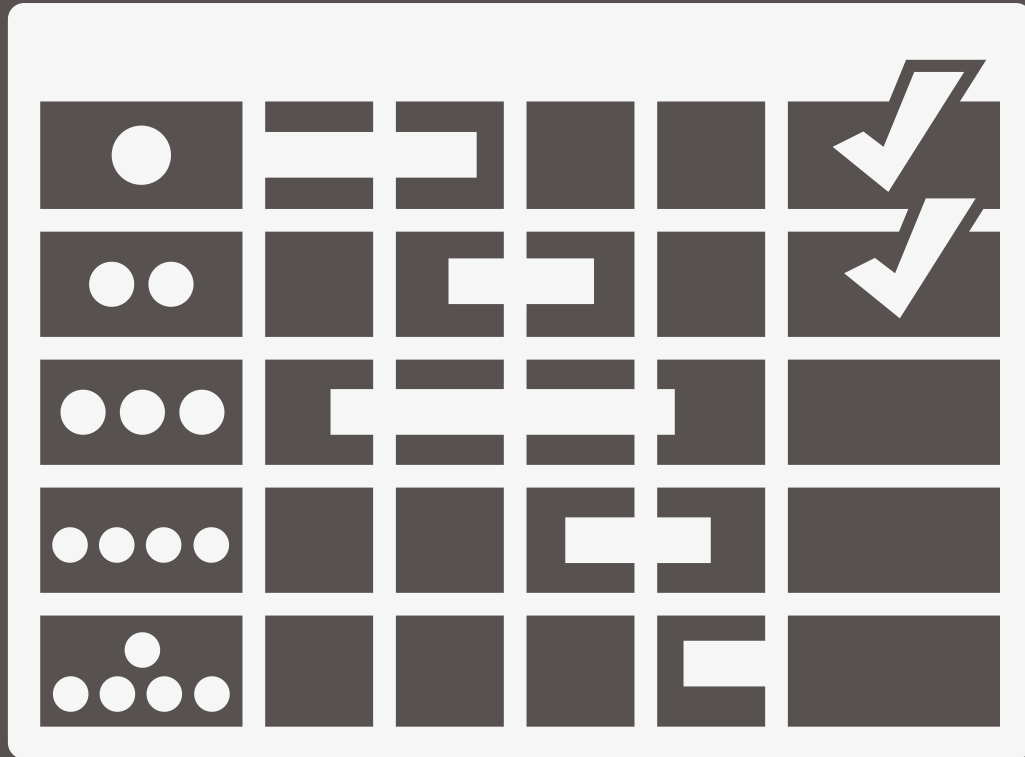

Monitoring and controlling - We equip clients with tools and templates for performance monitoring, change management, and risk monitoring. These resources enable clients to track project progress, manage scope changes, and mitigate risks effectively.

Closure - We provide tools, templates, and support for all aspects of project closure. This includes finalising deliverables, compiling documentation, obtaining stakeholder sign-off, and ensuring a smooth transition and resource reassignment.

“ Very professional and easy to work with team. They have a wealth of knowledge and they genuinely go the extra mile to help. ”

Elite

Our elite package runs your project for you

Initiation - We act as the project management team, conducting detailed feasibility studies, attending scope and site meetings, and assisting in the development of the business case. This ensures a thorough and professional approach to project initiation.

Planning - We perform all planning tasks, including identifying and mitigating risks, allocating resources, and setting milestones. We develop and manage the comprehensive project plan, ensuring effective communication and efficient resource management throughout the project.

Execution - We handle all execution tasks, including managing the project team, allocating resources, controlling quality, and engaging stakeholders. We develop and implement a detailed communication strategy to keep all stakeholders informed and involved in the project's progress.

Monitoring and controlling - We monitor and control the project performance. This includes measuring performance against the plan, managing changes to scope, schedule, and costs, tracking and mitigating risks, and ensuring quality control. Our proactive approach ensures the project stays on track and meets its objectives.

Closure - We manage the complete project closure process, which includes handing over final deliverables, conducting thorough project reviews, compiling all necessary documentation, obtaining stakeholder sign-off, and reassigning project resources. We ensure a seamless transition and proper project closure.

Elite Plus

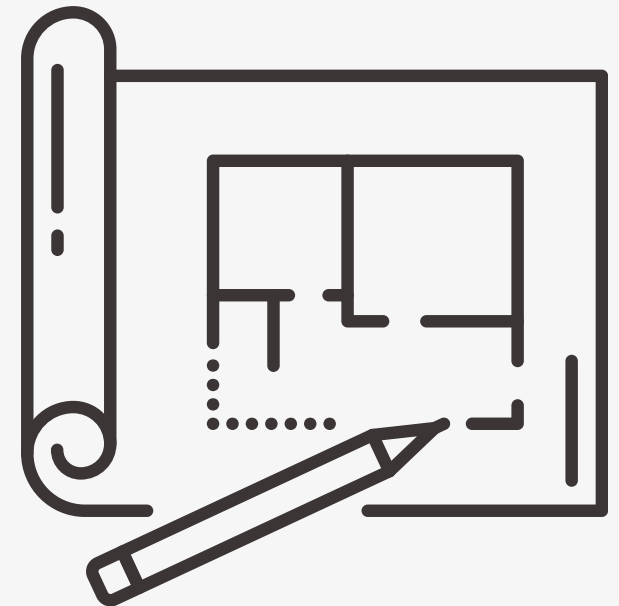

We offer additional professional services to ensure comprehensive project management. We can recommend and appoint additional professionals such as architects, structural engineers, and quality surveyors (QS). This ensures that all aspects of the project are covered by expert professionals, providing a holistic and integrated approach to project management.
